

Reliable Packaging for
Sustainable Future

PRODUCT BROCHURE

- ✓ PP rolls
- ✓ Lumber wraps
- ✓ PP Garden bags
- ✓ Multi-walled paper bags
- ✓ Non-woven laminated bags
- ✓ BOPP bags
- ✓ PP laminated bags
- ✓ PP woven bags

Our Product Range

PP WOVEN BAGS

■ SPECIFICATION

Material: Polypropylene (PP) virgin or recycled

Additive: UV, SLIP, AS, FR, etc as requested

GSM: from 40gr ~ 250gr

Mesh count: 7x7, 8x8, 9x9 ~ 12x12 or any Mesh upon request

Denier: 650D ~ 2000D

Color: any color upon request

Size (Width): 35CM ~ 162CM

Bag type: backseam, tubular, gusset

Custom: flexo printing, liner, valve, EZ open, handle, lace, hood, etc

■ APPLICATION

Agriculture use:

- Packaging for rice, grain, seeds, and crops
- Packing for animal feed and fertilizer

Industrial use:

- Packaging for plastic resins, minerals, and bulk raw materials, etc
- Packing for fertilizers, chemicals, and powders

Food Industry:

- Packaging for sugar, flour, and food ingredients
- Hygienic packing with optional inner liner

STRUCTURE OF PP LAMINATED BAG

PP LAMINATED BAGS

■ SPECIFICATION

Material: Polypropylene (PP) virgin & recycled

Additive: UV, SLIP, AS, FR, etc., as requested

GSM: 40gr ~ 250gr

Mesh count: 7x7, 8x8, 9x9 ~ 12x12 or any Mesh upon request

Denier: 500D ~ 1200D

Color: any color upon request

Coating: one side / both side coating, PP coating with or without color

Size (Width): 35CM ~ 162CM

Bag type: backseam bags, tubular bags, gusset bags

Custom: flexo printing, liner, valve, EZ open, handle, lace, hood, etc.

■ ADVANTAGES

- Water-resistant & moisture barrier
- Cleaner surface for high-quality printing
- Reduced dust leakage

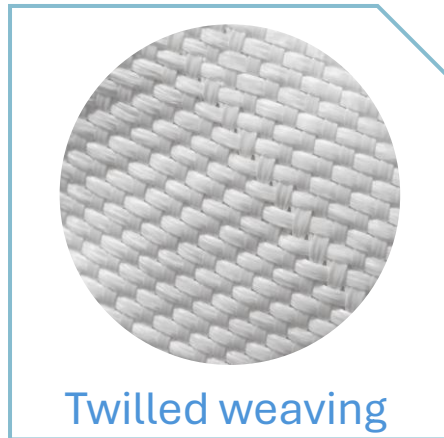

■ APPLICATION

- Agriculture: rice, grain, seeds, and crops
- Industrial: Food, chemical, constructions: plastic resins, minerals, and bulk materials
- Logistic & Export: Durable packaging for shipping and storage

Tubular Flat Bag in requested color with woven stripes, logo printing, etc

Twisted weaving

Twilled weaving

Back seam bag with side gusset

BOPP BAGS

■ SPECIFICATION

Material: Polypropylene (PP) virgin

Additive: UV, SLIP, AS, FR, etc., as requested

GSM: 40gr ~ 250gr

Mesh count: 7x7, 8x8, 9x9 ~ 12x12 or any Mesh upon request

Denier: 650D ~ 2000D

Printing: BOPP printing with gravure printing technology delivers sharp and high-quality images

Size (Width): 35CM ~ 150CM

Bag type: backseam bags, gusset bags

Custom: valve, EZ open, handle, lace, hood, etc.

■ ADVANTAGES

- No printing colors limit
- No ink peeling / scratch resistant surface
- High hygiene & visual appeal
- Dust-proof & clean surface

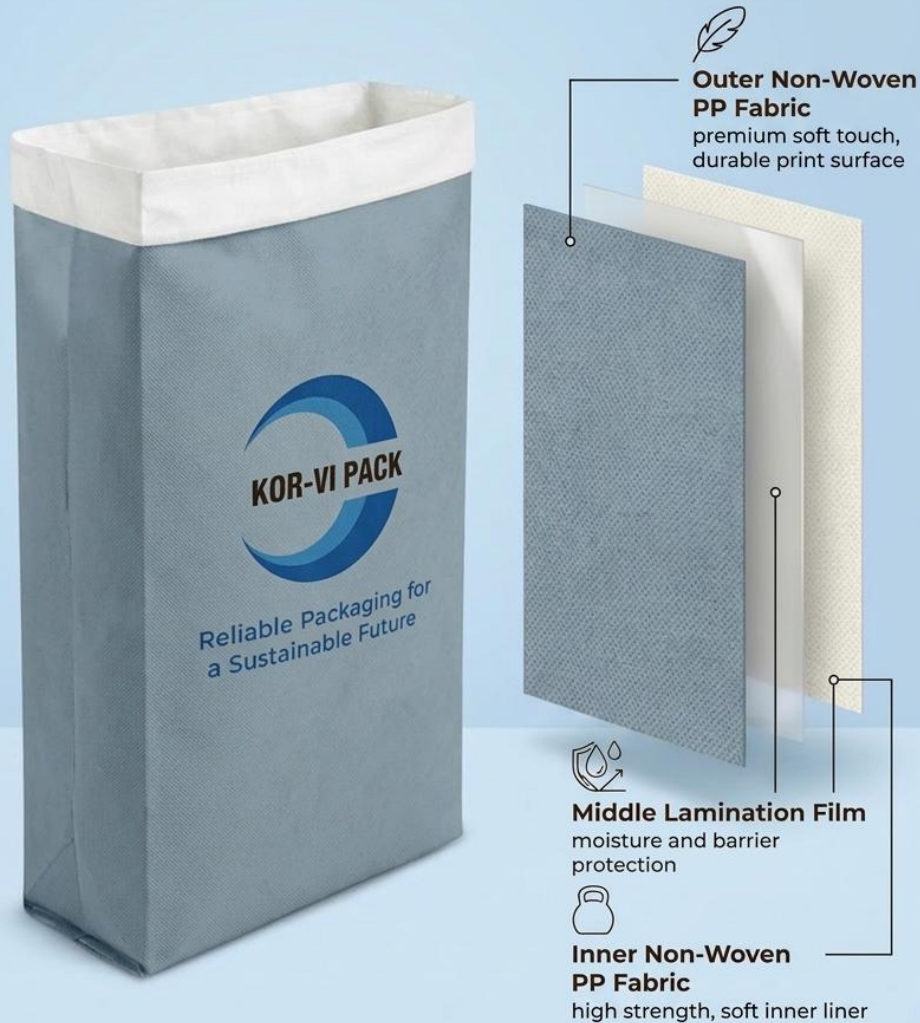

■ APPLICATION

- Retail & Premium Packaging
- Products requiring high hygiene & visual appeal
- Ideal for supermarket display & branded products

STRUCTURE OF BOPP LAMINATED WOVEN BAG

STRUCTURE OF NON-WOVEN LAMINATED PP SACK

NON-WOVEN LAMINATED BAGS

■ SPECIFICATION

Material: Polypropylene (PP) virgin

Non-woven fabric: White

Additive: UV, SLIP, AS, FR, etc., as requested

GSM: 40gr ~ 250gr

Mesh count: 7x7, 8x8, 9x9 ~ 12x12 or any Mesh upon request

Denier: 650D ~ 2000D

Color: any color upon request

Coating: PP inside coating, non-woven fabric outside

Size (Width): 35CM ~ 162CM

Bag type: backseam bags, tubular bags, gusset bags

Custom: printing, liner, valve, handle, lace, hood, etc.

■ ADVANTAGES

- Reusable & recyclable, eco friendly,
- Smooth & soft surface → ideal for high-quality printing
- Lightweight but strong → easy handling
- Premium look, no loose thread

■ APPLICATION

- Retail & Consumer Goods: • Premium packaging for pet food, rice, and branded products
- Agriculture & Food Industry: rice, grain, seeds, and crops; flour, sugar, and food ingredients

MULTI-WALLS PAPER BAGS

■ SPECIFICATION

Material: Polypropylene (PP) virgin

Paper: white paper, kraft paper, 100% virgin pulp, water proof

Addictive: UV, SLIP, AS, FR, etc., as requested

GSM: 40gr ~ 250gr

Mesh count: 7x7, 8x8, 9x9 ~ 12x12 or any Mesh upon request

Denier: 650D ~ 2000D

Color: any color upon request

Coating: PP inside coating, paper outside

Size (Width): 35CM ~ 80CM

Bag type: backseam bags, gusset bags

Custom: printing, liner, valve, EZ open, handle, etc.

■ ADVANTAGES

- Eco friendly
- Combination of strength (PP woven) + premium appearance (paper)
- Better tear resistance than paper bags
- Improved moisture and handling performance
- Reduced dust leakage with laminated structure

■ APPLICATION

- Industrial: cements bags, dry mortar, putty powder, and gypsum; powders, additives, and granular chemicals, etc
- Agriculture & seafood: rice, grain, seeds, and crops; frozen fish, etc

STRUCTURE OF KRAFT PAPER LAMINATED WOVEN BAG

Outer Kraft Paper

premium appearance, eco-friendly

Middle PE Lamination

moisture and dust protection

PP WOVEN GARDEN BAGS

PP WOVEN GARDEN BAG

SPECIFICATION

Material: Polypropylene (PP) virgin

Additive: UV, SLIP, AS, FR, etc., as requested

GSM: 40gr ~ 250gr

Mesh count: 7x7, 8x8, 9x9 or any Mesh upon request

Denier: 650D ~ 1200D

Color: any color upon request

Coating: coating or non-coating, one side / both side coating

Size (Width): customizable

Custom: handle, lace, hood, etc.

ADVANTAGES

- Reusable and durable
- Weather-resistant
- Available with handles for easy carrying
- Foldable and easy to store

APPLICATION

- Gardening & Landscaping: collection of leaves, grass, weeds, and garden waste.
- Storage and transport of soil, compost, and mulch
- Suitable for yard cleaning and maintenance
- Collection of farm waste and organic materials

LUMBER COVERS

■ SPECIFICATION

Material: Polypropylene (PP) virgin

Additive: UV, SLIP, AS, FR, etc., as requested

GSM: 40gr ~ 250gr

Mesh count: 7x7, 8x8, 9x9 ~ 12x12 or any Mesh upon request

Denier: 650D ~ 2000D

Color: any color upon request

Coating: one side / both side coating, PP coating with or without color

Size (Width): customizable, up to 4m

Custom: flexo printing, lace, hook, etc.

■ ADVANTAGES

- Reusable & cost-effective
- Weather resistance
- High tear strength & durability
- Customizable size & printing
- Lightweight & easy handling

■ APPLICATION

- Lumber & Wood Industry: protect timber, logs, and finished wood products
- Construction Materials: protect building materials from weather exposure
- Logistics & Export: Prevents damage during long-distance transportation

KOR-VI PACK **PP LUMBER WRAP**

The image shows a roll of green PP Lumber Wrap with the KORVIPACK logo and text. A technical diagram on the right illustrates the multi-layer structure:

- UV stabilized surface coating
- Montserrat Medium
- PP woven core for tensile strength
- protective inner coating layer

Below the product image are five icons representing key features:

- Cold cracking resistant (crack icon)
- UV resistant (sun and shield icon)
- Slip resistant (shoe icon)
- Inert to mildew and mold (microorganism icon)
- Staple-strip zone reinforcement (staple icon)

Lumber cover

- For wood products cover
- For logistics & transportation use

STRUCTURE OF DOUBLE-SIDED PP WOVEN FABRIC ROLL

PP ROLLS FOR COVER

■ SPECIFICATION

Material: Polypropylene (PP) virgin

Roll core: Metal or paper upon request

Additive: UV, SLIP, AS, FR, etc., as requested

GSM: 40gr ~ 250gr

Mesh count: 7x7, 8x8, 9x9 or any Mesh upon request

Denier: 650D ~ 2000D

Size : customizable

Color: any color upon request

Coating: one side / both side coating, PP coating with or without color

Printing: flexo printing

■ ADVANTAGES

- Cost-effective material
- Lightweight & flexible, easy to handle, cut, and convert
- High strength & tear resistance
- Suitable for various applications and converting needs

■ APPLICATION

- Forestry: covering timber and logs
- Industrial: wrapping for steel coils, pallets, and bulk goods
- Protective wrapping for cargo and palletized goods
- Ground cover and crop protection sheets
- Raw material for finished packing production

Laminated PP Roll

- Tubular & flat weaving rolls
- Finished product for covering
- Woven fabric rolls as raw material for the next process

An aerial photograph of a large industrial yard. In the center, a white semi-truck with a trailer labeled 'YANG MING' is parked. To its right, two blue semi-trucks and one white semi-truck are parked. Further right, several white shipping containers are stacked. In the foreground, a gatehouse with a red roof stands next to a paved road. A sign on a wall in the bottom right corner reads 'KOR-VI PACK' with a logo. The text 'THE END' is overlaid in large blue letters across the center of the image.

THE END
